

REMARKS

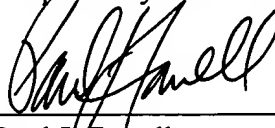

Reconsideration of this application, as amended, is respectfully requested.

This application has been reviewed in light of the Office Action dated April 13, 2004. Claims 1-5 are currently pending in the application. It is gratefully acknowledged that Claims 1-4 have been allowed. As indicated above, Claim 5 has been amended.

In the Office Action, the Examiner has rejected Claim 5 under 35 U.S.C. § 102(e) as being anticipated by *Alberth et al.* (U.S. 6,094,565). More specifically, the Examiner asserts that *Alberth* discloses all the recitations of Claim 5. As indicated above, Claim 5 has been amended to more clearly recite transmitting a signal using an external function key when the mobile terminal is powered-off and discloses powering-on/off the mobile terminal using the external function key, which it is respectfully submitted is not disclosed in *Alberth*. Accordingly, it is respectfully requested that the rejection to Claim 5 be withdrawn.

In view of the preceding remarks, it is respectfully submitted that all pending claims, namely Claims 1-5, are in condition for allowance. Should the Examiner believe that a telephone conference or personal interview would facilitate resolution of any remaining matters, the Examiner may contact Applicant's attorney at the number given below.

Respectfully submitted,

Paul J. Farrell
